

CAMILO ANDRES CASTELLANOS HERRERA

Software Developer

Bogotá, Colombia | +57 322 3990733

kml107@hotmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Software Developer with experience in full-stack development and automation. Skilled in Java, Python, and JavaScript, building solutions that reduce manual work through workflows, browser automation, and AI-integrated features (RAG). Interested in scalable backend systems and practical, real-world problem solving.

SKILLS

Java | Python | JavaScript | TypeScript | SQL
React | Angular | Spring Boot | Node.js | Flask | REST APIs
Docker | Kubernetes | CI/CD | Git | OCI
MySQL | MongoDB | JWT | RSA | Spring Security
RAG | LLM Integration | Linux | Scrum | DDD

EXPERIENCE

Adidas — Process Automation Developer Intern.

Bogotá (Hybrid) | Jan 2025 – Jul 2025

- Owned production features within 3 months for global platform (eCAR).
- Redesigned notification system (email + Teams), improving consistency.
- Built automation workflows (Power Automate) to reduce manual processes.
- Provided bilingual support (EN/ES) for global users via ServiceNow.
- Contributed to deployments and LATAM system adaptation.

Sofka Technologies — Junior Developer Training.

Remote | Jan 2024 – Jun 2024

- Selected through full-stack technical assessment.
- Built applications with Java, Spring Boot, Angular, and React.
- Applied Hexagonal Architecture and DDD.

PROJECTS

CryptoMessage — Full-Stack App (React, Spring Boot, MySQL) | 2022 – 2026

- Built encrypted messaging app with RSA and JWT authentication.
- Designed backend with Hexagonal Architecture and DDD.

Gym-bot — Python Automation (Playwright) | 2025 – 2026

- Automated gym booking, eliminating manual reservations.
- Implemented scheduling and error recovery via Telegram.

MyAssistant — Local RAG System (Python, FAISS, Ollama) | 2026

- Built offline system for querying private documents.
- Integrated local LLM for privacy-focused inference.

EDUCATION

SENA, Bogotá — Software Analysis and Development Technologist | Mar 2023 – Apr 2026

Generation, Bogotá — Junior Java Developer | Feb 2026 – Jun 2026

National University of Colombia — Psychologist | Feb 2014 – Nov 2019

LANGUAGES

English (B2) | Spanish (Native)
